

Blender at a Glance

Blender is a global e-lender that provides cross-border, innovative and responsible financial services, while operating as direct lender and marketplace, via a network of POS in store and online (B2B2C) and B2C.

Blender also provides white label solutions to corporates and financial institutions. Blender is active in Israel, the Baltics and is expanding to more markets globally.

Our community gathers 350,000 registered users, 32,500 paying users to who we disbursed over USD 665,000,000 of consumer loans. Blender holds European EMI, CCP Licenses and is expected to receive a Specialized Banking License in 2021.

We just completed our IPO on the Tel Aviv Stock Exchange.
